Dear Friends,

When 2021 began, I don't think anyone envisioned us still battling the challenges of a global health crisis at the end of the year; yet, here we are. Adapting to increases and decreases in the positivity rate led to a constantly evolving environment in our group home, foster homes, clients' homes, and staff continuing education and training. We have adjusted service delivery so often that those adjustments now feel commonplace.

Ultimately the success of the year rests on the notion of mission execution. Did CAPA help break the destructive cycle of child abuse and neglect by equipping parents, children and their caregivers with necessary skills, knowledge, and values? We are happy to report we did, despite a second pandemic year.

One of our favorite and most substantial accomplishments is the number of children reached by our School-based Outreach program. A record of over 11,000 children in Beaufort and Jasper counties are now better equipped with the skills necessary to keep their bodies safe from abuse. We are also proud that some of our resource families became adoptive, forever homes and that a dozen staff members became trained in Together Facing the Challenge, a therapeutic foster care curriculum to assist our families.

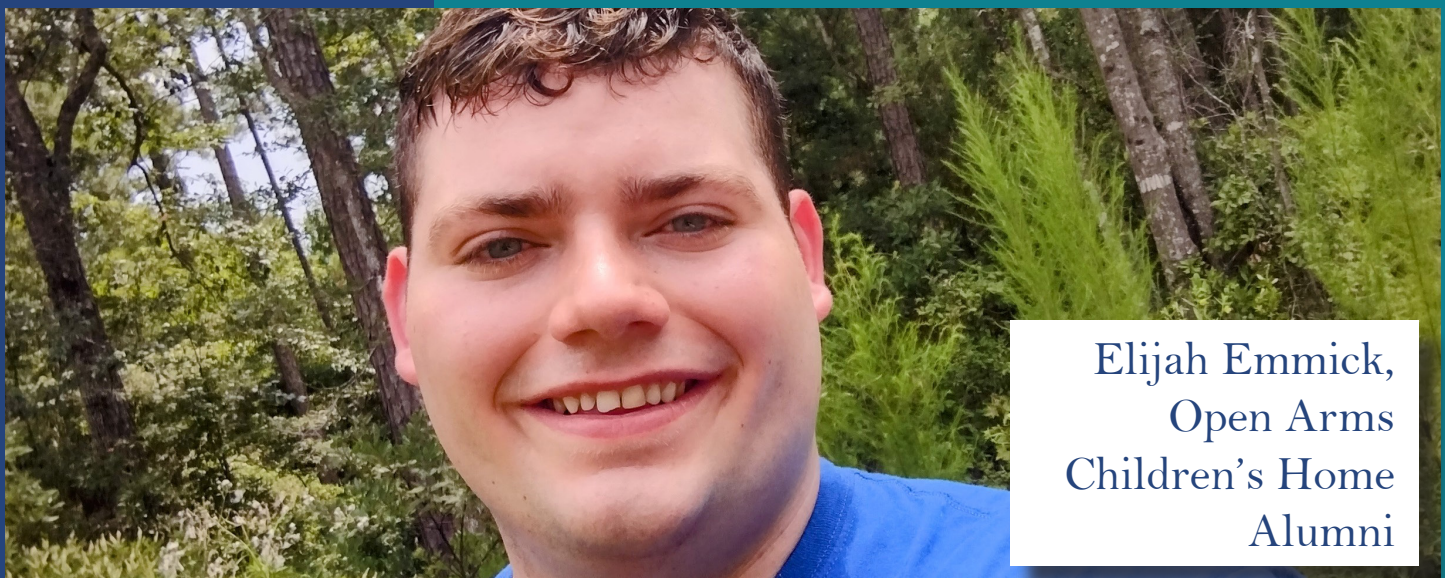

2022 will bring an entirely different set of circumstances we imagine, but we are ready to face them head-on. We are looking forward to planning a more modern residential facility, expanding our thrift operations, hosting a record fundraiser, and recruiting more foster families. We are so thankful for every precious child we reached in the past year, every family we were able to assist, and for a community of supporters that continued to allow us to do so.

Holding CAPA in my heart and hands,

A handwritten signature in blue ink that reads "Christina Wilson".

Christina Wilson
Executive Director

Elijah Emmick,
Open Arms
Children's Home
Alumni

86%

of CAPA's Exchange Parent Aide participants made advancements in parental expectations and empathy to better meet their children's needs.

100%

of parenting participants increased their parenting skills in at least two areas during their 8 week course.

87%

of 3rd, 4th, and 5th graders receiving School-based Outreach lessons increased their ability to report abuse.

97%

of Open Arms Children's Home residents visited with their families despite the restrictions put in place due to COVID-19.

“CAPA turned what could have been one of the darkest times of my life into a truly rewarding experience and so with that, I really want to thank everyone for their role in making that possible. I left with much more than I came in with, including many great experiences, a GED, and my perspective on life. It goes to show, every situation has a silver lining and CAPA was my silver lining.”

-Elijah Emmick

Celebrating life's little successes is something families do, and the CAPA family is no different. We have had much to celebrate over the past year but one story from the Open Arms Children's Home stands out a bit above the rest.

David came to Open Arms due to educational and physical neglect. He was 17 and had been living in a car with his mother. He had not been attending school. Because of his age, David decided to enroll in a community adult education program to pursue his GED. Within two months, this super-smart young man finished the program and got a job at a local sub shop. His boss described him as a huge asset and a very dependable employee. David's next life hurdle was obtaining his driver's license and a vehicle. He enrolled in the area Excellerate program, a 16-week life skills program that rewards graduates with a car. David sailed through the class, found auto insurance, and received his car.

After turning 18, David decided to leave foster care to be closer to his family. His current plans are to attend real estate school and become an agent. David is the picture of resilience, persevering through difficult circumstances.

Open Arms Children's Home

“I don’t want to leave the group home because for the first time in my life I feel safe and loved.”

-Open Arms Children’s Home
Resident, Age 16

Ms. Cidne works at Beaufort Memorial Hospital. She decided to foster after witnessing many children admitted to the hospital for abuse or neglect. She received her first placement call shortly after receiving her license.

When Thomas arrived, he was timid and kind, but he often threw tantrums when things did not go his way. Ms. Cidne and Thomas started family counseling to help navigate his meltdowns and figure out how to express his frustration and anger better. Gradually, Thomas began to heal and bond with Ms. Cidne. Thomas now considers her his “Mema.”

Ms. Cidne has said that this placement was very challenging but, in the end, very rewarding. After several months with Ms. Cidne, Thomas began transitional visits back to his family. Now successfully reunified with his biological parents, Mema’s baby still calls and comes to see her. What a success!

Resource Family Foster Care

“It has been so rewarding to watch the development of all my placements. My heart is fulfilled as I’m honored to play a role in the lives of these sweet babies.”

—Tammy Perry, Foster Mom

49 foster children were placed in a CAPA Resource Family Home, 5 will soon be adopted.

Resource Family received 1,764 foster placement requests for child abuse or neglect victims.

11,336 Beaufort and Jasper County children were taught how to keep their bodies safe from abuse.

37 parents completed the Triple P Parenting program.

How many lives were impacted?

Exchange
Parent
Aide
conducted
171 visits
with
families.

The Open Arms
Children's Home
provided 3,779
days of care to
33 child abuse
or neglect victims.

27 parents with 56 children participated in
the Exchange Club Parent Aide program.

Open Arms residents
received 535 supportive,
crisis or individual
counseling sessions.

Open Arms provided
6,546 meals and
6,939 transports to
group home residents.

During the last school year, School-based Outreach staff presented prevention education to 11,336 students in Beaufort and Jasper counties. It became extremely apparent that many children and their families encountered hardships during the COVID-19 lockdown. The number of abuse and neglect reports made during this school year was three times more than in previous years. Any abuse disclosure is difficult, but one report, in particular, resonated with Ashleigh, CAPA's outreach specialist.

"After presenting one fifth-grade lesson, the teacher informed the school counselor and me that a student wished to speak with us. The student courageously reported sexual abuse that occurred a few weeks prior. She explained that she was too scared to tell anyone because she thought she would be in trouble but, after the lesson, she realized that it was not her fault and knew she needed to tell an adult. It is extremely difficult for a child to recount such a traumatic event but knowing that lesson gave her the confidence to report makes this program invaluable. CAPA lessons empower children to report and advocate for themselves in our community just like this young girl did."

School-based Outreach

“My students are now
aware of the dangers of
sexting and to go to a safe adult.
Thank you for providing
this invaluable information!”

-7th Grade Teacher

The Exchange Parent Aide program returned to visiting families in-person mid-year. While most families made significant progress, one family made remarkable strides in just a few short months. A single grandmother raising her granddaughter started the program explaining that she struggled to parent. Her granddaughter came to her after sustaining abuse from a family member. She was skipping school and failing her classes. In an attempt to cope with her past trauma, the granddaughter started to harm herself and was without friends, a job, or any motivation to graduate high school or pursue a degree.

After getting to know the family and the challenges they faced, Maura (CAPA's Family Aide) helped them formulate a plan and establish goals. They created a vision board to help the granddaughter imagine where she would like to see herself in the future. After just three months of weekly visits, the family's progress was truly incredible. The granddaughter is no longer physically abusive towards her grandmother, has successfully received her high school diploma, and will start college classes in January.

Exchange Club Parent Aide

“I learned a lot more than I expected like, when I used one of the strategies they talked about in class with my strong-willed daughter and it worked! I was like okay this program is for real.”

- Triple P Participant, Father of 3

In 2020, the Triple P Positive Parenting program switched to a virtual format and remained that way throughout 2021. We were struck by the number of parents who expressed gratitude for being able to attend classes remotely. They commented on how the change cut down on transportation costs and saved precious time in their lives by eliminating long commutes to the parenting center. Interestingly enough, being virtual allowed us to serve parents over an even greater distance than we were accustomed to, including Dillion, Summerville, Charleston, Pooler, Savannah, and even Bristol, Tennessee.

One parent had to travel to take care of family matters in her hometown. She was committed to the course and so chose to attend remotely from the shores of paradise. She wanted to share Hawaii with her classmates, so after class, she turned her camera around for everyone to enjoy her breathtaking views of the Pacific Ocean and the luscious foliage. Everyone was appreciative of a virtual trip and technology to facilitate classes that everyone could attend no matter where they were located. Aloha!

Triple P Parenting

As a proud Cribs for Kids® National Infant Safe Sleep Initiative partner, CAPA provides safe sleep education and portable cribs to families who cannot otherwise afford a safe place for their babies to sleep.

This year, we distributed 88 cribs – a two-fold increase over 2020.

When transportation was a barrier, CAPA staff delivered cribs to client homes and created a video tutorial to give parents on-demand instructions to set up and break down their portable crib properly.

When language was a barrier, CAPA partnered with PASOs to provide the Cribs for Kids program in the Latino community. We are currently working together to record our tutorial in Spanish.

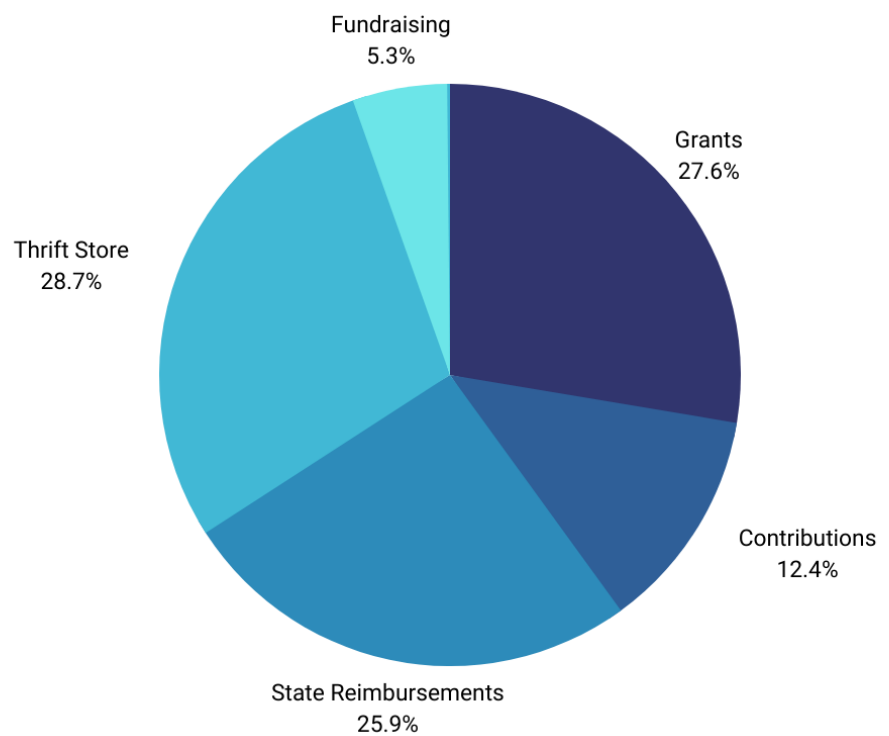

CAPA staff continues to teach the ABCs (Alone, on the Back, in a Crib) and creatively adapt to ensure that we will not lose another Lowcountry baby to unsafe sleep.

Zeta Male Network of Beaufort

1340 Ribaut Road
Port Royal, SC 29935

Open: M-F 10:00-5:00pm
Sat 10:00-3:00pm

Call (843) 524-0281 for furniture pickup.

CAPA's Closet opened to help raise funds for the Open Arms Children's Home and other CAPA programming but its arms reach further than just our agency. The Closet accepts voucher requests from community partners allowing the recipients to shop at our store for items such as clothes, furniture, kitchen supplies, linens and many more things. The store is not just a retail establishment or fundraiser, it serves as a community resource as well.

CHILD ABUSE PREVENTION ASSOCIATION

Address:
P.O. Box 531
Beaufort, SC 29901
Phone:
843.524.4350

www.capabeaufort.org

In honor of Jan Stewart Rhoden, and in memory of Jon Rhoden, The Iris Society is CAPA's Giving Society. Details to join are available on the CAPA website.

CREDIBILITY • INTEGRITY • ACHIEVEMENT

GIVE. ADVOCATE. VOLUNTEER.
LIVE UNITED. United Way
United Way of the Lowcountry, Inc.

Mission

CAPA breaks the destructive cycle of child abuse and neglect by equipping parents, children, and their caregivers with necessary skills, knowledge, and values.

Vision

All children deserve to be loved, nurtured and kept safe from intentional and unintentional harm.
