

2023 Impact Report

With Gratitude

Reflecting on 2023, I am so proud of the successes and challenges we have experienced in the last twelve months. Most notably, these pages will tell a tale of programs pushing their limits to meet the need, wherever it may be. It tells a story of our board members, staff, volunteers, donors, dancers, business partners, grantmakers, ghosts, and elves working together to create a world where all children are loved, nurtured, and protected from harm.

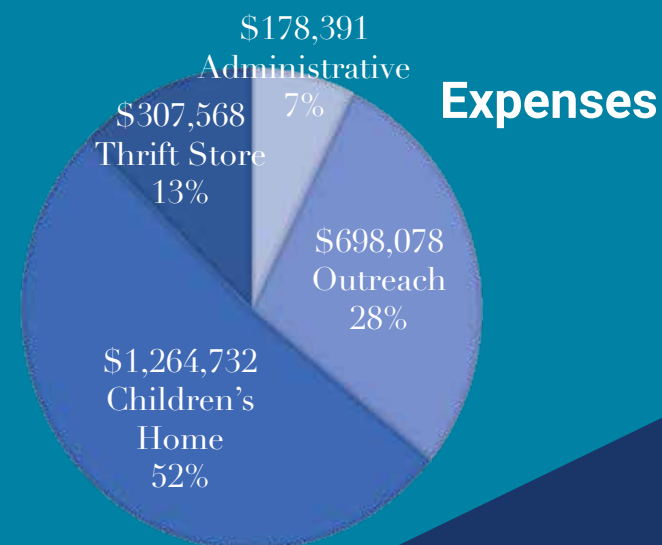

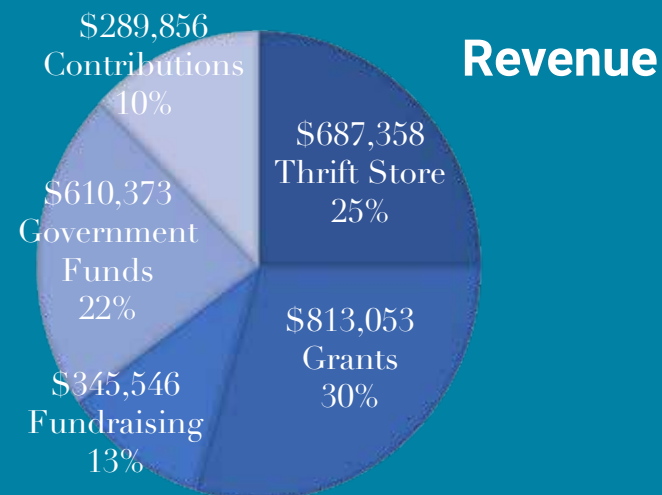

What isn't mentioned in the pages to come is one of the grandest hurdles of 2023. After a year of preparation, CAPA achieved expedited reaccreditation from the Council on Accreditation (COA) in December. COA's seal of approval announces to all that CAPA is holding itself to the gold standard amongst social service agencies. It tells everyone that we aren't just serving children and families but truly making a difference in their lives.

Throughout the year, CAPA continued serving children in foster care, supporting and educating parents, and teaching young children to keep themselves safe. Again this year, we saw record fundraising numbers, showcasing how powerful this community can be when it joins hands for a common cause: child abuse prevention. We saw increased requests for placement from the Department of Social Services, a need to expand services further into our rural counties with more intentionality, and nearly twice the number of participants in our positive parenting classes. Collectively, this tells us clearly that CAPA's work matters, and there's more to do!

Thank you for inspiring us to continue fighting and for joining us to create a safer community for our children.

Christina Wilson
Executive Director

2023 FINANCIALS

51

family visits
were conducted

IMPACT

The Mission

Every April, child abuse prevention advocates throughout the country come together to bring awareness to a societal issue that touches children and families from across all demographics. Communities everywhere, including ours, plant pinwheels as a reminder that child abuse does happen and that it takes every one of us to keep children safe.

CAPA exists to bring awareness year-round, to educate children and families in advance of abuse occurring, and

to take care of its victims, should the worst occur. More specifically, CAPA's mission is to break the destructive cycle of child abuse and neglect by equipping parents, children, and their caregivers with the necessary skills, knowledge, and values. So, why pinwheels, you ask? Prevent Child Abuse America uses this symbol because it is whimsical and evokes childlike notions, exemplifying the happy, healthy, and safe childhoods all children deserve. We celebrate with pinwheels in April and throughout the year as we fight abuse.

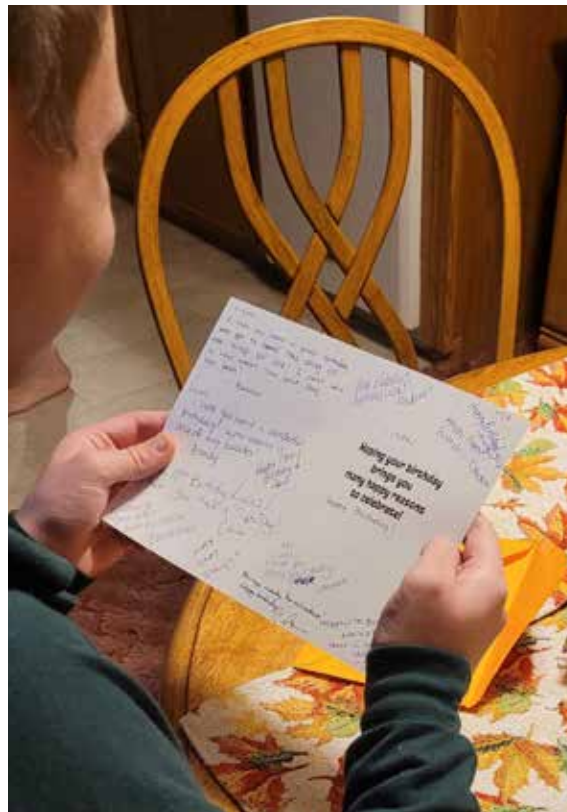

PREVENTION

EXCHANGE CLUB PARENT AIDE

It can be overwhelming when a parent does all they can to provide for their child, such as transporting them to and from school, scheduling appointments, supporting recreational activities, finding the right therapist, and much more. This pressure is precisely what many parents face locally and across the country.

Rachel, the Family Services Coordinator, saw the toll this was taking on the families in CAPA's Exchange Parent Aide program. She referred many of "her" families to the Collaborative Organization of Services for Youth (COSY), a unique partnership of local agencies to support and break down barriers to services in our community. Thanks to Rachel's dedication and open communication with COSY

partners, Exchange Club Parent Aide families felt decreased stress, increased connectedness to their community, and increased knowledge about available and invaluable local resources.

“What I enjoyed about meeting my Family Aide was she was very resourceful and I’ve learned patience and different strategies.”

CAPA's Family Aide had 276 visits with families

23 families with 53 children participated in the program

PREVENTION

TRIPLE P PARENTING

After Jayne found the courage to leave an abusive relationship, she was shocked when the Court awarded shared custody. She was frustrated with how strict and non-empathetic the father's approach

was to parenting. Jayne wanted her boys to have positive role models from both their parents, and she felt helpless that she couldn't control their father's choices and behaviors. In every Triple P Positive Parenting class that Jayne attended, she would provide situations and scenarios

76 parents
completed the
program and
99% improved
their parenting
practices and
behaviors

109 parents,
or 61% of total
parents referred,
enrolled in the
program

of the challenging events she was facing. By the end of the program, she reported that she had learned and utilized several skills and strategies to have a healthier relationship with the children's father. Jayne was also proud to say that CAPA's program enlightened her about more effective ways to communicate and use positive discipline with her boys. She is equipped with new tools and confident that her children have a brighter future.

"Getting a better understanding of myself as a parent has helped me have a better understanding of my children. Ultimately I am their protector. I am their teacher and have learned to be more flexible with knowing their individual strengths and their areas for growth. As their mom I can influence how they parent."

PREVENTION

SCHOOL-BASED OUTREACH

In 2017, CAPA updated our curricula and added staff to expand our School-based Outreach program that educates and empowers children to keep their bodies safe. While the number of students served has grown tremendously these last six years, we recognized the need to better serve the Hispanic population in Beaufort County and extend our reach into the other counties of the 14th Judicial

Circuit. A bilingual Outreach Specialist, Jazmine Rivas Garcia, joined Team CAPA in the fall. Almost immediately, students in her classes came forward to disclose past and present abusive situations, which may never been reported if Spanish lessons were not available. CAPA's commitment to continuous improvement using outcome measurement, quality monitoring,

and stakeholder feedback, keeps School-based Outreach vibrant and relevant as we teach children to Say No, Run, and Tell a Trusted Adult.

*“I really think it’s
great to educate
students about
unsafe situations so
that they feel they
have a voice.
It’s ok to tell us when
something bad is
happening to them.”
- First Grade Teacher*

PREVENTION

CRIBS FOR KIDS SAFE SLEEP

107 safe sleep
classes were
facilitated in 2023

In addition to information on preventing SIDS and SUID, CAPA's Safe Sleep Education program provided portable cribs to 109 new and expectant mothers in 2023. This year, program staff noticed an influx of parents asking about additional services such as local food banks, ABC vouchers, WIC, etc., and their internet and transportation barriers to applying for and receiving services. Program staff created a Community Resource binder with up-to-date information about available programs. Safe Sleep facilitators now refer to this resource to recommend partner agencies that may assist while providing paper applications to clients without internet access. With this additional support, clients seem more at ease and engaged as they learn how to keep their babies safe.

Remember the
ABC's of
Safe Sleep

Alone
Back
Crib

***A baby should be
alone, on their back,
and in an empty crib.***

The Vision

Our Therapeutic Services Coordinator, Brandy, facilitates a weekly nurture group with our residents. She asked each resident to add words of encouragement to the collective bin. When Brandy read through them the next day, one resident had written “you’re safe” on her paper. For a youth to experience such felt safety shows that our work makes a difference. From prevention to intervention, CAPA programming helps create a world

where all children are loved, nurtured, and kept safe from intentional and unintentional harm. When we empower a child to tell someone about their abuse, we are realizing that vision. When we provide a safe, loving and cozy home to a child abuse victim, we are realizing that vision. When we help a parent learn to parent more appropriately, we are realizing that vision. The work of CAPA staff, volunteers, and board members makes a difference - one child at a time.

“When interacting with families daily, I strive to exude unconditional positive regard to break down barriers that they might be facing, strengthen the family, and therefore instill in kiddos that they are loved and cared for by their families, myself, and their community.”

-Rachel Floyd, Family Services Coordinator

INTERVENTION

OPEN ARMS CHILDREN'S HOME

Amanda, age 15, entered the Open Arms Children's Home after experiencing abuse by her adoptive dad. Amanda was soft-spoken, afraid of being her true self, and struggled deeply with her mental health and identity as an adopted child. With the help of therapy and the support of OACH staff, Amanda began to find her voice, speak up for herself, explore her identity, engage in healthy coping skills, and go after her dreams of being a writer. Her dad began counseling, and Amanda was placed back in her home, where she immediately began thriving. Amanda entered a writing contest with the staff's encouragement and won the grand prize! She has traveled with her family, continues to address her mental health in therapy, has strengthened her familial relationships, and is more comfortable speaking up for herself.

Amanda became attached to the staff at the group home and regularly checked in, letting them know every time she had an accomplishment or something she was proud of.

80% of youth were discharged to a less restrictive or permanent family setting.

196 appointments
5,789 transports
1,181 activities
10 family events

**ALL CHILDREN
DESERVE TO BE
LOVED,
NURTURED,
AND
KEPT SAFE.**

INTERVENTION

RESOURCE FAMILY FOSTER CARE

In 2023, Resource Family case managers took pride in reuniting families, maintaining sibling connections, and celebrating multiple adoptions. Watching placements return to a safe and loving home with a family member is the ultimate goal of foster care.

The Meltons went above and beyond to support reunification through nightly Facetime visits with mom, advocating for the children's best interests in court, scheduling and transporting the kids to DSS approved visitations, and including their mom in special milestones such as birthdays and holidays. Reunification was celebrated with cake, hugs, and happy tears. The Meltons proudly stay in touch with the family to this day.

In addition to supporting healthy relationships between placements and biological parents, our program focuses on encouraging families to maintain sibling connections. After a three-year placement, one 9-year-old had the honor of being adopted by her foster parents as his brother was adopted by his grandmother. The foster parents and the grandmother fought to maintain relationships between all the children spread amongst different placements. They have built a beautiful relationship full of understanding, support, and trust. Their efforts will allow each child to maintain connections with their biological family as they flourish in their new families that meet their specific needs.

The Bartlett family celebrated the adoption of a 10-year-old alongside his biological brother and his adopted family. Time and distance never hindered these two families from in-person visits between brothers. From pumpkin patch picking to caroling, these two are sure to stay connected and feel immense support from both loving adoptive families.

Dancing Stars

In March, a cast of 12 stars, 12 instructors, 4 judges, and 2 emcees came together and wowed the community with our sixth Dancing with Our Stars fundraising and dancing competition. The teams raised over \$311,000 towards fighting abuse and neglect!

The winners from that evening:

Russell Baxley and Caroline Fonseca, *Judges' Choice*
Rafael "Stoney" Londoño and Bri West, *People's Choice*
Charles Wersler and Ashtin Bellamy, *Alumni's Choice*
Annie Powell and Rashad Gadson, *Best Costume*
Robin Angelo and Shykeem Gadson, *Kids' Choice*
Marianne Blake and Lisa TenEyck, *Best Choreography*

Ghost Tours

Last fall, the Exchange Club of Beaufort's Ghost Tours benefitting CAPA entertained the community and its visitors for the 29th year. Over the last three weekends in October, spirits and visions haunted Downtown and the Point. Volunteers contributed over 3,400 hours and served 3,118 guests. The event raised a record-breaking \$51,000. We are so grateful to the community, residents, homeowners, volunteers, Southern Rose Carriage Company, Beaufort Charities, AlphaGraphics and CAPA staff for continuing to make this event such a success!

Christmas

Usually home to weddings, seminars, and banquets, the Beaufort Holiday Inn transforms into Santa's Workshop each December. CAPA staff and volunteers assemble hundreds of boxes and tape wish lists to each one. Each list represents a child in our service area involved with child welfare services. Our Angel Wish Tree program is a little different than most holiday toy drives. Instead of choosing from donated items, Lowcountry children get to tell us exactly what they want. Each of their three wishes is displayed on Angel Trees throughout our community. Thousands of gifts are donated and sorted amongst the boxes. If everything has been sorted and there are unfulfilled wishes, we rely on stand-by-elves to mobilize and shop their hearts away.

In 2023, 582 children woke up to Christmas magic made possible by an army of volunteers, businesses, organizations, tree hosts, tag takers, elves, shoppers, sorters, box assemblers, box checkers, toy unloaders, bike put-togetherers, case workers, CAPA staff, and generous funding from some of our most loyal donors.

KidFest

In recognition of Child Abuse Prevention Month, Month of the Military Child, and keeping kids safe, the first Saturday in April is reserved for a free community event to celebrate being a kid! With bounce houses, snow cones, fire trucks, face painting, games, music, and more, KidFest allows kids to just be kids!

“I now know that if you get a confusing touch you are not in trouble.”
